Our most heartfelt thanks to each of you who has loved Steve and, by extension, love us and have cared for us so dearly and constantly during this most difficult time.

Steve was ever so proud of his garden, dotting on it almost daily. Steve has not just left us with a beautiful landscape to enjoy, he left us with the garden of his friends who he cultivated so lovingly throughout his life.

We have felt your love so deeply and are forever grateful that you loved our husband and father whom we adored.
